**✓ Explosives ✓ Narcotics ✓ Apprehension ✓ SAR**

This year we are going back to school as TSA Indianapolis will host its 6th Annual Multi-Agency K9 Training Event in partnership with Central Indiana K9 Association. This event is open to all Federal, State and Local K9 Teams. K9 Handlers are encouraged to invite their agency's trainers and command staff to attend so that they may provide individual feedback to their teams. There will be trainers representing all disciplines from the public and private sectors running multiple training scenarios throughout the day. Any agency trainer that would like to assist or even run a scenario of their own design are encouraged to include that info when they RSVP. Handlers are advised to bring with them any specialized gear required for your particular discipline.

- For additional information please contact TSA Trainer Eric Hood at 317-665-0180.
- Please RSVP with agency name, handler name, and K9 specialty to [Keith.M.Gray@tsa.dhs.gov](mailto:Keith.M.Gray@tsa.dhs.gov) by 10/16. Participation will be limited to the first 100 teams to register.
