\$50 Audit spots (unlimited)

Travis served 11 years in the Army as an Infantryman, mostly in Infantry Battalion Reconnaissance units. Being active duty military, he moved around quite a bit and have had the opportunity to find dog sport clubs to train with, and learn from across the nation.

Travis expanded his experience and knowledge to the odor side of working dogs by getting involved in Search and Rescue and handling a Cadaver dog, and have trained trailing dogs within the state that are used in SAR. He has also imprinted and handled a Belgian Shepherd detecting bed bugs, and worked for a local company searching hotels.

In 2019 Travis certified as a Patrol K9 decoy through Tulsa Police Departments' decoy seminar. He returned to Oklahoma at the beginning of 2020 and successfully completed an 800 hour dog trainer course through Canine Unlimited of Tulsa, Inc. Travis now works at the same business that he trained under to continue honing his craft, as well as train and supply the finest Police Service Dog's in the country.

This training is open to Military/Law enforcement only.

Online registration **MUST**
be paid by **Credit Card**.
